Dear Sir/Madam:

I am a person with a friendly and pleasant character at all times. Ability to resolve conflicts. Encouragement of teamwork, with special sensitivity to the needs of employees and customers. Quick problem solving and great multitasking skills. Proven track record of being an essential part of the management team and contributing decisively by providing effective solutions that have immediate impact and contribute to long-term success.

I would be interested in the position of backend programmer or developer.

- 2 years of experience as waiter and 4 years of experience as Receptionist.
- with a wide knowledge in new technologies thanks to my studies.
- excellent communication skills, both written and oral.
- with a great passion for learning and improving my skills.

As you can see I can meet your requirements and even more.

I would like to discuss the opportunity to work with you. To schedule an interview you can contact me through my phone number +39 333 414 6896. In case you can't find me you can leave a message and I will call you back as soon as possible.

thank you for taking the time to review my resume.
I hope to talk to you soon

Sincerely, Delfin Palermo
